## Lindau Nobel Science Challenge »A Quantum Leap for Biodiversity«

This unique initiative is a collaboration between **The Families for Nature Foundation** and the **Foundation Lindau Nobel Laureate Meetings**. It has received significant attention from young scientists attending this year's Lindau Nobel Laureate Meeting, as well as from the Lindau alumni network comprising over 30,000 scientists globally.

**On 6 July we will present the finalists** of the Science Challenge. The submissions we have received are incredibly promising and exciting, reflecting the innovative spirit and dedication to biodiversity conservation among today's scientific community. The finalists will be assessed by a distinguished panel of leading Professors from the Universities of Cambridge, Oxford and ETH.

We sincerely hope that you can join us for this memorable occasion.

**An excellent opportunity to bring leading scientists, entrepreneurs and investors together to identify and launch groundbreaking initiatives.**

**Peter Nobel, Chairman,  
The Nobel Sustainability Trust Foundation**
