

Benefits of Membership

A membership with the VLGST makes your foundation's work future-proof and strengthens Liechtenstein as a foundation location.

Services for Members

Direct benefits of membership for your public benefit foundation

Advocacy

The VLGST represents the interests of public benefit foundations towards politics, authorities, and the public and advocates for favorable framework conditions.

Research

The VLGST initiates scientific projects on issues related to nonprofit foundation law, thus contributing to the further development of the sector.

International Engagement

The VLGST actively represents and fosters advocacy and networking for its members at an international level.

Information

The VLGST provides information on the foundation sector through various formats and channels. It offers its members support on foundation-related matters.

Networking

Personal contacts, exchange of experiences and knowledge as well as networking and cooperation are valuable advantages for members.

Standards

The VLGST advocates for standards in foundation management. Through recommendations and guidelines, it provides members support in practical questions.

Priority Setting

The VLGST works together with its members to address defined key topics.

Professional Development

In collaboration with partners, the VLGST promotes professionalism within the sector and offers members discounted access to training events.

Location Development

Indirect benefits of membership for the entire foundation sector.

Location Communication and Reputation

Liechtenstein ranked first in the Global Philanthropy Environment Index 2022. To maintain Liechtenstein's position as a strong and innovative foundation hub with international influence, continuous investments in the foundation sector are necessary.

Engagement

Your membership demonstrates commitment and responsibility towards the Liechtenstein foundation sector. Every Liechtenstein foundation benefits from the excellent framework conditions.

Commitment to Quality

By becoming a member, your organization shows its dedication to good governance, development and collective learning within the sector.
